Tekra Corporation Certified to ISO 9001:2008

NEW BERLIN, Wisconsin (May 2009) – Tekra Corporation, a plastic film manufacturer and distributor based in New Berlin, Wisconsin has recently been certified to the quality management system standard ISO 9001:2008.

“Tekra provides products and services to quality critical medical and durable goods manufacturing markets where a commitment to ongoing quality management is an absolute necessity,” said Mark Mawer, Vice President of Sales and Marketing. “We are pleased to have met the 9001:2008 standard and will continue to focus on customer satisfaction, regulatory compliance and continuous improvement as the standard mandates.”

Tekra Corporation is a manufacturer of coated plastic films for the industrial graphics marketplace and distributes Dupont Teijin polyester, Sabic Innovative Plastics polycarbonate films and 3M adhesives and tapes throughout North America. For information contact Tekra at 800-448-3572 or visit www.tekra.com.
